

Experience the Wonders of Nature with Gardens by the Bay

Word Search: Gardens by the Bay

A national garden and premier horticultural attraction for local and international visitors, Gardens by the Bay is a showpiece of horticulture and garden artistry. It presents the plant kingdom in a whole new way entertaining while educating visitors with plants seldom seen in this part of the world, ranging from species in cool, temperate climates to tropical forests and habitats.

Did you know?

Did you know that the Gardens were built on the principles of environmental sustainability? Much effort was made to plan and design for sustainable cycles in energy and water throughout Bay South Garden. Find out more about our sustainability efforts here!

Experience the Wonders of Nature with Gardens by the Bay

Word Search: Flower Dome

Spectacular and innovative, the Flower Dome is the largest glass greenhouse in the world as listed in the 2015 Guinness World Records! Replicating the cool and dry Mediterranean climate, it showcases exotic plants from five continents which are displayed in nine different Gardens. Among its unique plant collection are thousand-year-old olive trees and unusual Baobabs.

Did you know?

How does the Flower Dome maintain its cool temperatures? Air is cooled at the lower occupied zones through chilled water pipes in ground slabs, while warm air is vented out at the top.

Experience the Wonders of Nature with Gardens by the Bay

Word Search: Cloud Forest

A mysterious world veiled in mist; the **Cloud Forest** is a 35m tall mountain covered in lush vegetation shrouding the world's tallest indoor waterfall. With plant life from tropical highlands up to 2,000m above sea level, you will enjoy learning about unique biodiversity and geology of cloud forests and the environmental threats they face within the nine unique zones of this Conservatory.

Did you know?

The Cloud Forest is 0.8 hectares, which is about as big as 1.5 regular football fields put together. 2,577 glass panels of 690 different shapes and sizes were needed to cover the whole 12,000m² surface area of the dome!
